Prayer points sent by John Mark, the leader of the Christian Service Unit in Andhra Pradesh, this month

Please pray for:-

- * The Christian organisations like ours running Children's Homes, who are facing a lot of stress with many new conditions being imposed by the Government and pressure to implement them at short notice. Though they may be meant to help the children, the time given to us is short.
- * There has been a noticeable increase in hostility towards other religions by the Hindu leaders in India. In many places where the CSU works preaching the gospel in villages is being vehemently opposed. The pastors and their team members are beaten and abused.
- * For finding and grooming new leaders for the CSU who will follow in the footsteps of Azariah's humble, compassionate style of working.
- * For those people in charge of the various projects run by the CSU.

The Latest in our Quest for New Teachers

Please give thanks for the service given by Hillary, Valerie and Liuba, who have enabled us to keep going while we await new long term teachers.

And we have three new teachers on our horizon...

Please pray for David, Daphnee and Stephanie as they discover and step forward into what God has for them.

Please also remember our other teachers, Natasha, Svetlana, Diana, Alexandra and myself as we continue our ministry of teaching to the highest standards and of allowing the Lord to minister His love and Word through us. Pray many of our students will find true life in the Saviour, Jesus.

HOMES FOR VULNERABLE GIRLS

As we approach six months since the first home was completed, the house-parents of our first home still wait to receive their first children. Please pray for those on God's heart to be brought.
